Area	.17 Acres
Zoning	Commercial
Municipality	Albany, Delaware County, IN
Distance to Substation	6.69 Miles
Distance to Transmission Line	1.5 Miles
Distance to Major Road	0 Mile
Ownership	Liggetts Greenhouse & Flourists
Summary of Existing Land Use, Condition, and Restrictions	This site is in Albany, Indiana and is near the border of Albany, but has a good square of land that can take a lot of sun. This site has a lot of vegetation on it and one garage that might not be demolished. This site is also very isolated and would be far away from a substation or transmission line, but is not near any houses and is a flat piece of ground.
Property Progress and Financial Assistance	N/A
Estimated Annual Solar Energy Production	165,667 kWh/year
Estimated Annual Energy Value	\$14,082
Estimated Solar Power Capacity	18.9 kW
Suggested PV System Specifications	Fixed ground array type, tilt 30°,
Greenhouse Gas Equivalencies	117 metric tons, 25 cars, 13 homes electricity, .792 acres of forest
Remarks and Suggestions	This site is too small for any sort of installation.
