# Summary

Overall we want this event to be a new and exciting experience for the IU Medical Students. Since they have busy lives, we want to be able to give them a night that is fun and relaxing. They will get to have great food that is catered from around the village and also receive a goody bag to go and experience another restaurant in the village. We want this event to show the medical students what Muncie has to offer!

This event will be a great start for the students first major event of this semester. We want to give them a lasting impact and hopefully attend another fun event in the future.
