**MONDAY, MARCH 15<sup>TH</sup>, 2021**

**7:00-8:30PM**

**ONLINE EVENT**

*Via Zoom*

This event will include an interprofessional collaboration activity for undergraduate and graduate students, and faculty in the College of Health. The learning objective is for students and faculty to learn how health professionals will work together in the real world. The event will also help students and faculty learn the scope the practice of the professionals they may be working with.

This event is being put on by two Doctor of Audiology students as part of their doctoral project. The goal of this project is to learn about other professions and stress the important of interprofessional collaboration.

The Zoom link will be given in an email the day before the scheduled event. We look forward to seeing you there!
