SPOPE

PROJECT DESCRIPTION

Escape Space, located in downtown Indianapolis, will serve as a “third place” to escape from home, work, your kids, noise, people, or anything else you need a break from.

Inspired by the quarantine experience:

- Stuck in one location
- Social isolation and loneliness
- Mental health struggles - depression, anxiety

Focus: Creating an interactive, community-focused experience that meets the physical and emotional needs of every visitor.

Level 1: Café & gathering space

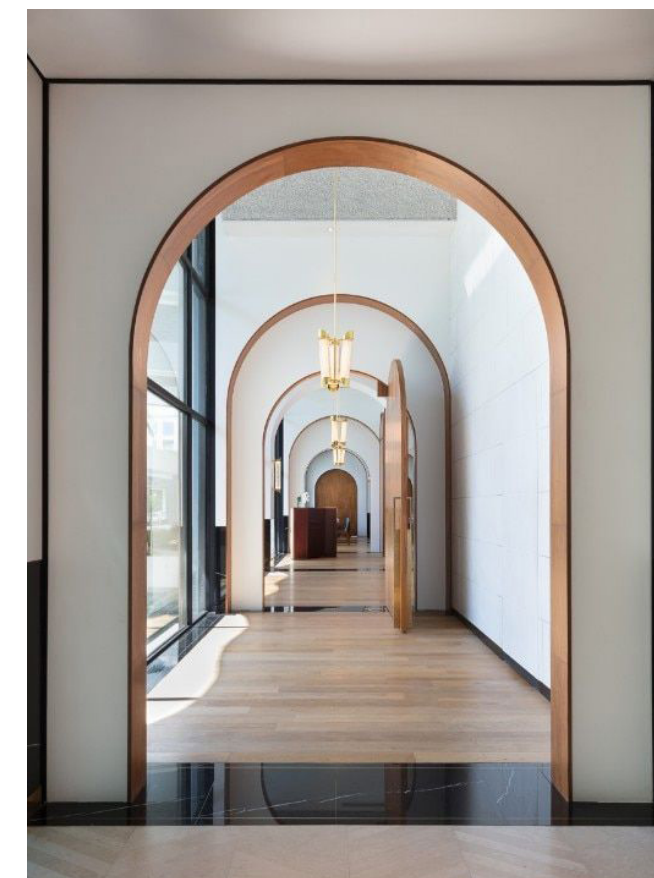

Level 2: Art gallery & “escape spaces” - a variety of themed rooms for individual or small group use

Level 3: Rent-able event space

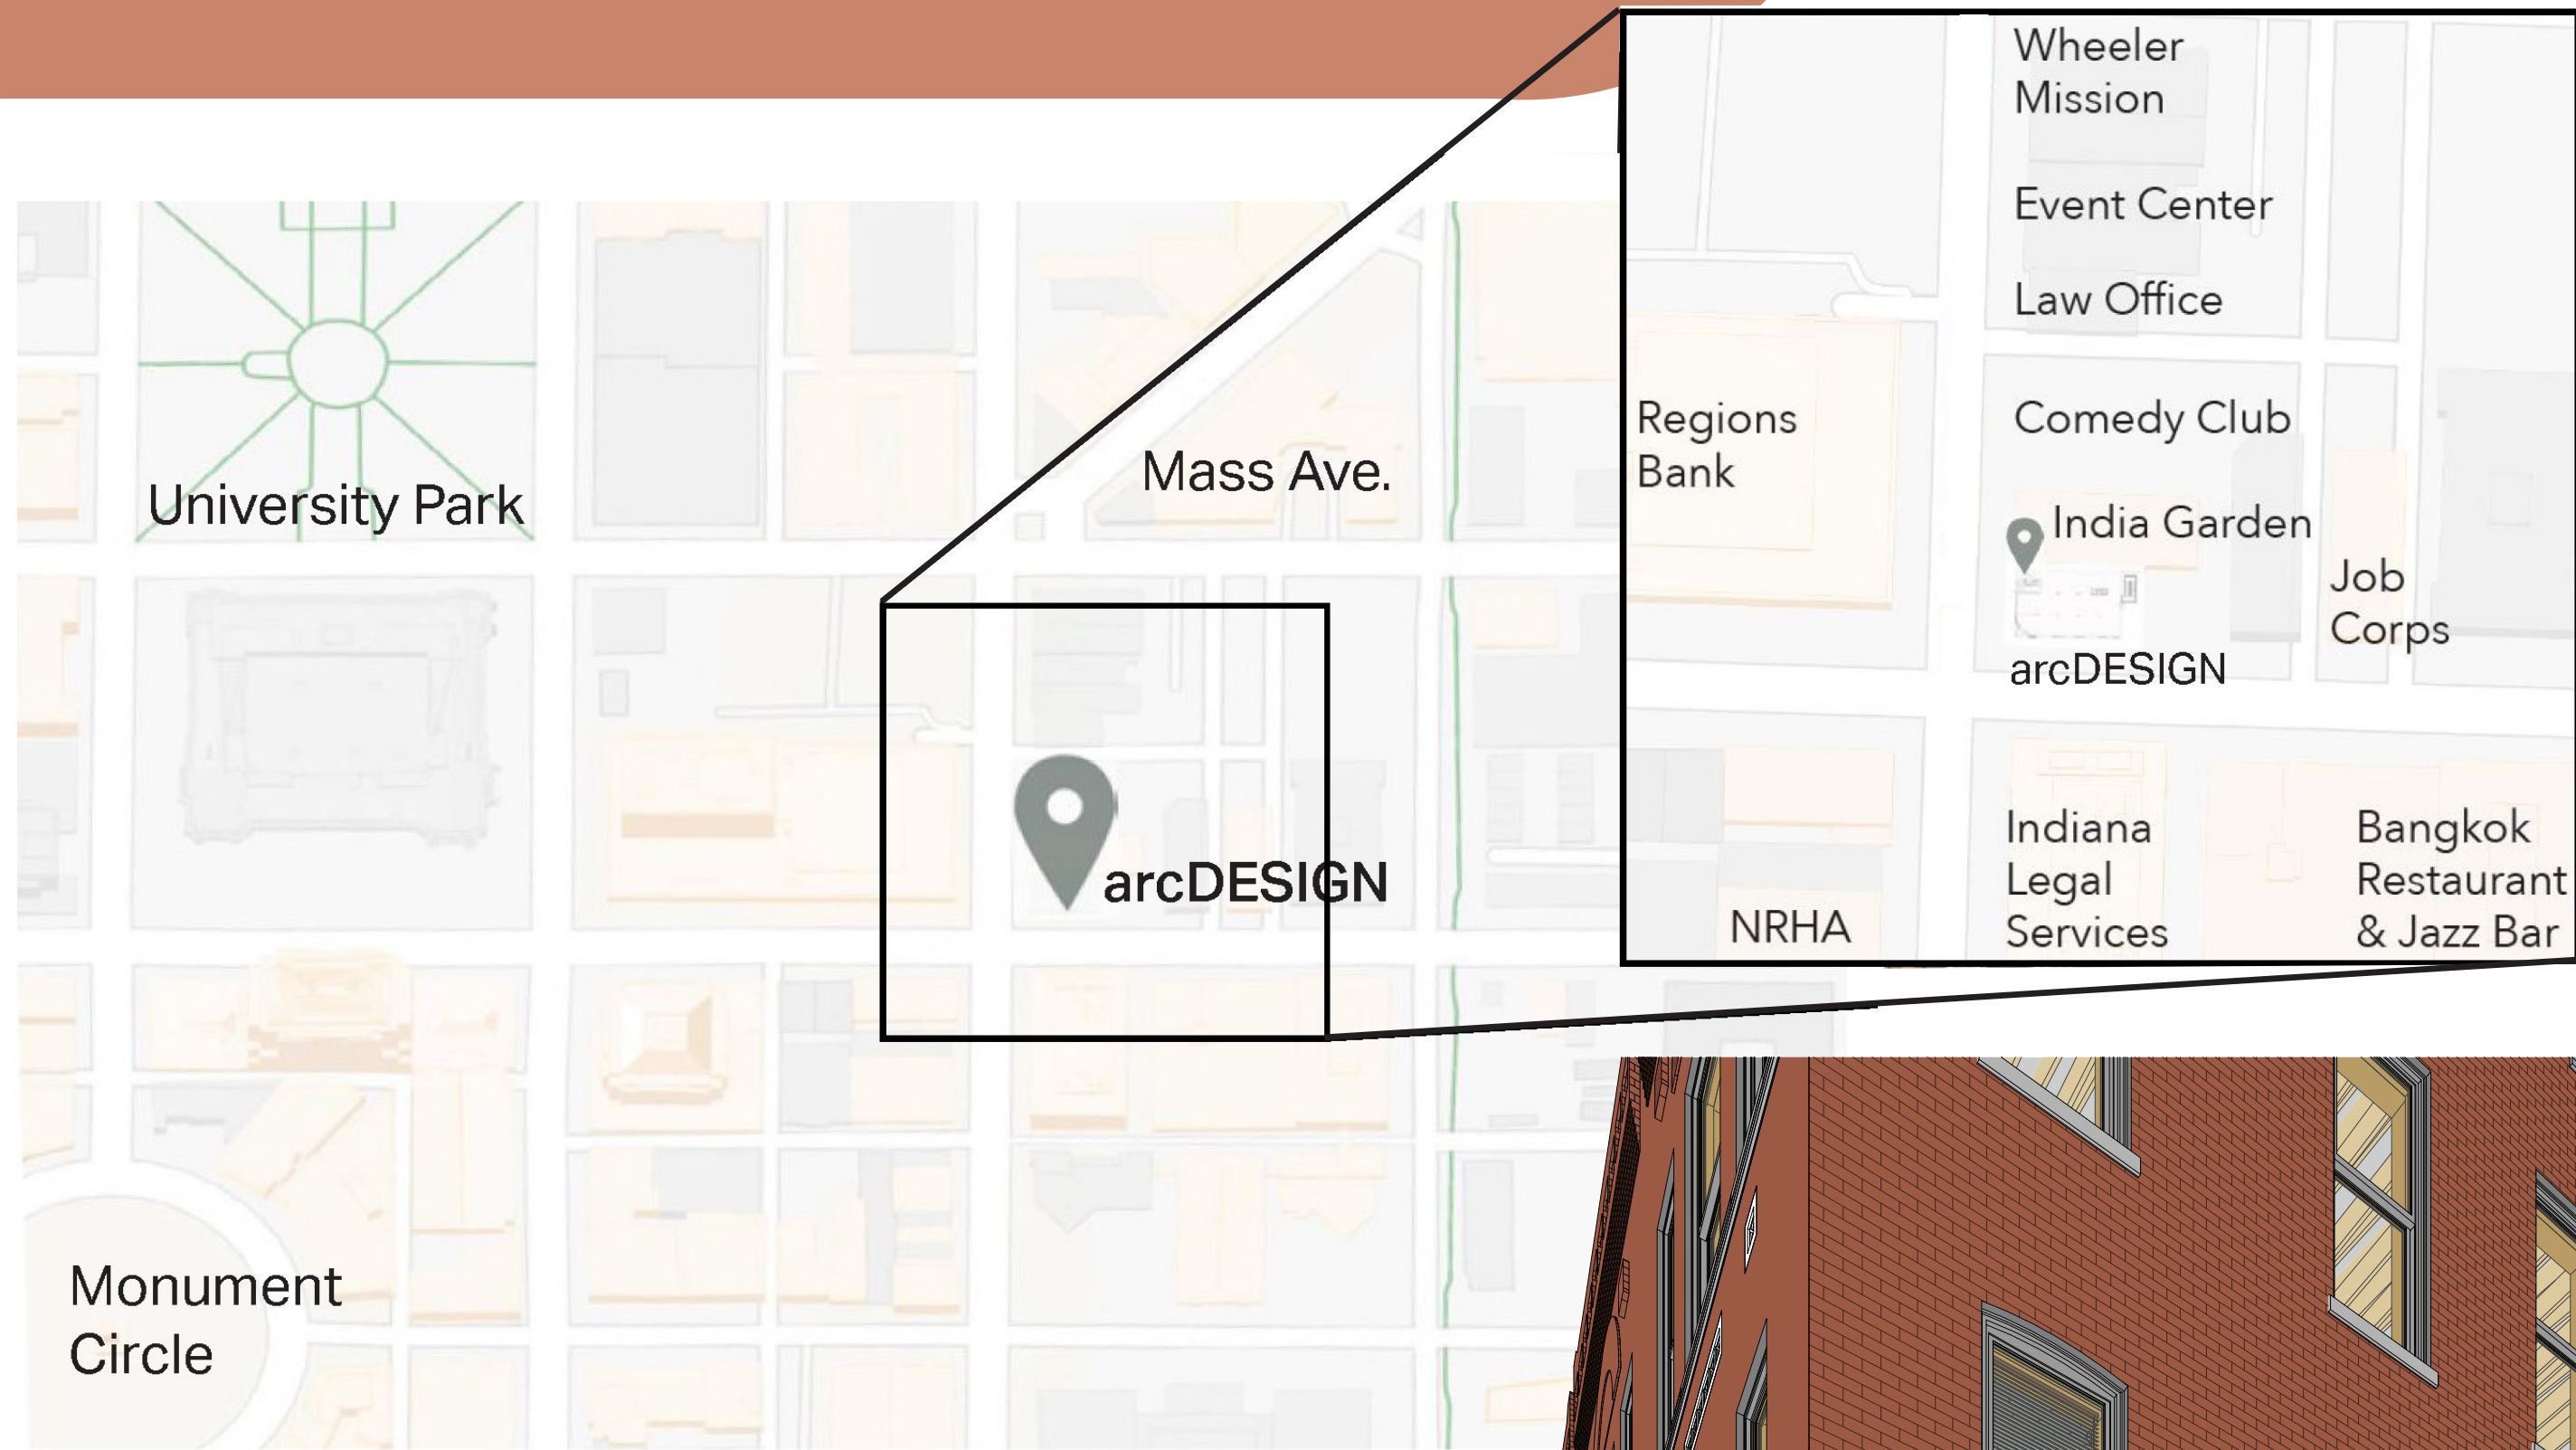

Each room on the 2nd floor will have a unique environment based on a theme:

- Biophilia
- Destination
- Time period/event
- Creative expression rooms
- Color/light therapy

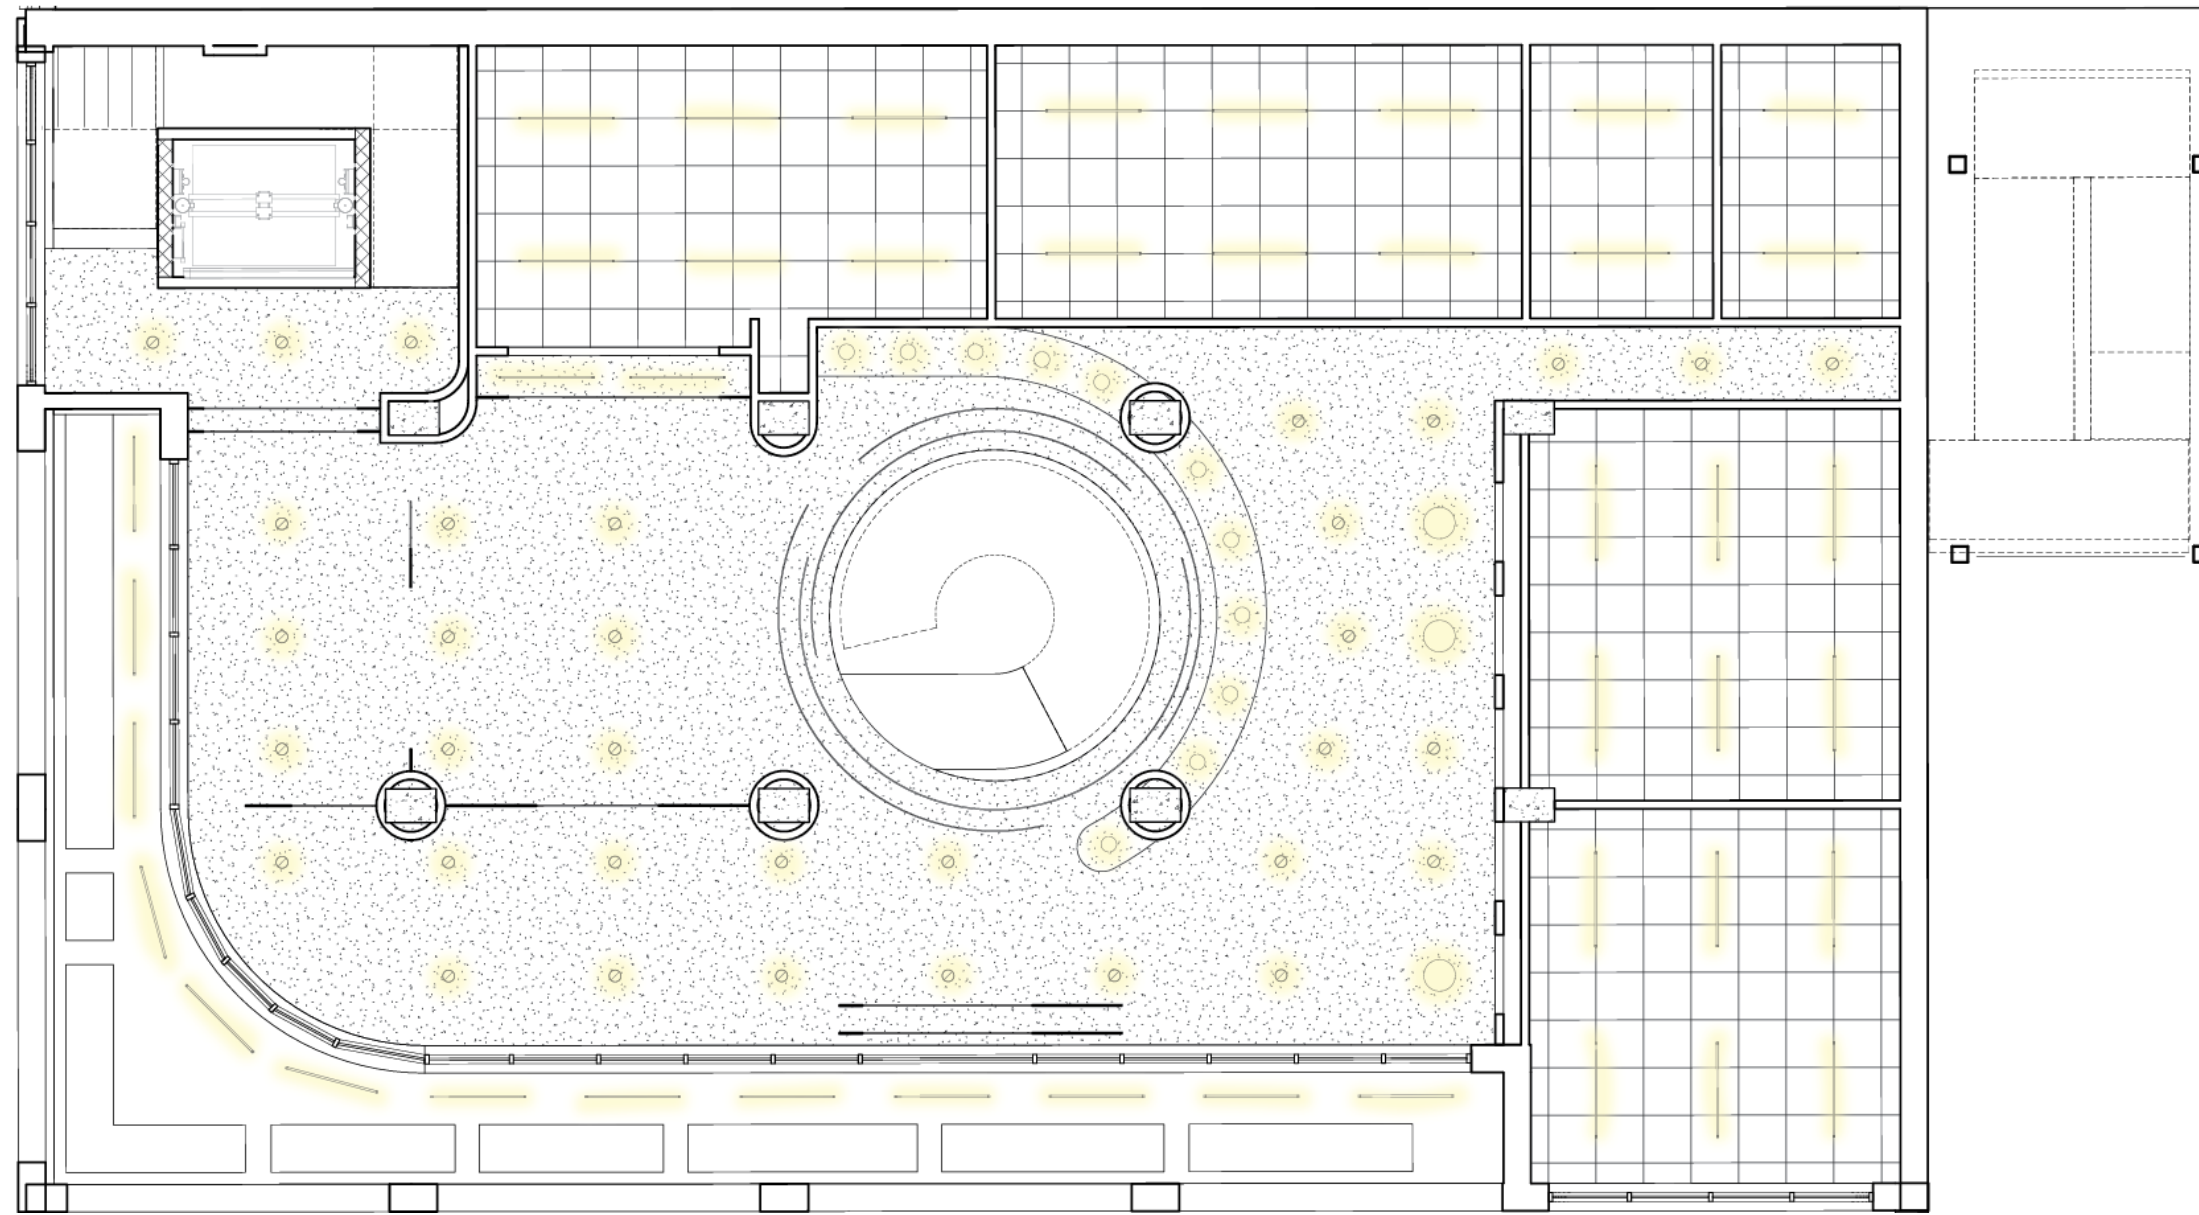

Temperature, audio, lighting, materials, and furniture choices will create a full sensory experience.
