NEW
VILLAGE!

TOWNHOMES

By 2027, Ball State
plans to finish this
new village for the
Community of Muncie.

But what impacts will the
be?

- Cheap food?
- New housing?
- New business?
- Accessible arts?
- Expansion of campus?

That's what WE
(Urban anthropologists)
Want to know!

To figure it out we...

Conduct interviews with
locals, developers, and
students

Contact developers
and board members

Research online and
in archives

AND MORE!

With our research,
we hope to
advise developers
while educating
ourselves and our
community. ♥
